No really, what are you saying!?

Master-! Isn't it just common sense to sexually harass Akebono-chon right now!?

Now be a good boy and bare it all!

Unbelievable... People who can't read the mood are the worst!

With a master like this,

Sazanami will have to sexually harass you!

Okay.

Knock it off!!

- Hello everyone, I'm Yume no Owari.
Thank you very much for picking up this book.
- Kimono Bono Bono! Bono-tan is so cute!
It's so nice to see a girl wearing a kimono.
I especially can't get enough of their napes.
- Also there was a lot of Inarizushi.
It's probably the influence of watching Koufuku Graffiti.
~~It's not like I want Ikazuchi-chan to feed me Inari-Sushi,~~
there's no way that's true.
- Anyway, see you next time!

Yume no Owari

Good morning/afternoon, I'm Satake Yura.
 We didn't apply to any events for a while after Comiket,
 but we somehow made this book (lol).
 The season's already halfway over, but this time was very seasonal.
 The 7th Destroyer Division from the Ayanami class
 played the central role here. Destroyers are so good!
 I feel like I should start raising Ushio now that she's gotten her kai 2.
 Of course, the 6th Destroyer Division and
 Yuudachi and Shigure play a part as well.
 The nice Mamiya-san and Abukuma appear too.
 This time is a lot more crowded than usual, but I hope you enjoyed it.
 With that, let's meet again sometime!
